Company: Landform Professional Services, LLC
Job Title: Senior Registered Land Surveyor, RLS
Job Location: Downtown Minneapolis/Eagan

Landform is looking to grow our team of energetic professionals by adding a Senior RLS to our team!

Landform is a multi-disciplinary consulting firm based in Minneapolis. We offer a full range of site design, planning and civil engineering services backed with over 20 years as an organization. Our professional resources include landscape architects, planners, civil engineers, land surveyors and development managers. We are committed to client service, design quality, principles of sustainability and an innovative approach to site design.

Our culture is based on our vision to grow and diversify while emphasizing quality design, strong client partnerships and an energetic employee environment. We value quality, relationships, mentorship, leadership and enthusiasm in our work. We achieve our mission by helping our public and private sector clients create successful memorable, SensiblyGreen® places.

We are looking for a Senior RLS to join our Survey Department. The responsibilities of a Senior RLS will encompass a full range of survey services for major projects and clients.

To be considered for this position, candidates must be/have:

- a minimum of four years' experience as a Licensed Surveyor with increasing responsibility experience.
- a Licensed Land Surveyor in Minnesota, or able to be licensed within four months.
- able to be licensed in other states

Good communication skills are a must. You will be expected to work directly with clients, consultants and contractors. You must be knowledgeable in using AutoCAD and Civil3D.

Responsibilities:

- Coordinate field and office operations to ensure crews are working competently and efficiently.
- Prepare, supervise and certify land surveys to meet client and regulatory requirements.
- Maintain and demonstrate exceptional internal and external client relations and the ability to work collaboratively with diverse teams.
- Perform quality control reviews of survey deliverables.
- Mentoring and developing survey specific skillsets within the organization.
- Preparing accurate estimates for the preparation of contracts by others.
- Reading and interpreting legal descriptions and title work.
- Preparing surveys, exhibits, ALTA surveys, Plats and Legal Descriptions.
- Knowledge of field and office survey operations and basic understanding of Total Station, GPS and Drone technologies.
- Ability to work efficiently and effectively under tight deadlines as well as balance multiple projects.

Full-Time/Part-Time/Hours: Full-Time with a flexible work environment (work life balance).

Salary: DOQ

Benefits: Health, dental, life, disability, PTO, 401K Employer contribution, transportation allowance, Fun and relaxing atmosphere

Number of Openings: 1

Advancement Potential: Promotions are based on your proven ability to master tasks.

Training Available: Our focus on developing strong teams through hands on training in real world situations contributes to our successful growth.
